**Implant Card**

**(Only applicable in Australia!)**

# Instruction for completion of Implant Card

Follow the steps to complete the implant card and to provide it, together with the information for patient, to the patient after implantation:

1. Add a product sticker including LOT, batch code, use by date, manufacturer
2. Fill in date of implantation
3. Fill in name and address of the healthcare institution
4. Add a patient sticker including name of the patient or patient ID
5. Provide the patient with this booklet including the Implant Card and advise them to always carry it with them
